

The Value of Your Associate Membership

Becoming a member makes you a part of the premier Insurance association in Virginia.

It enhances your branding and helps promote your company to the independent agents and carriers.

It also shows your commitment to the independent agency system as well as your support for the many programs and benefits we offer.

- Membership is on a corporate basis – includes all staff members at no extra charge.
- Our advocacy and legislative efforts include both a state and national level.
- The IIABA has been consistently recognized as an organization that values and supports our mission of being the preferred supporter and resource of independent agents.
