## OPERATIONAL EFFICIENCY REVIEW (E&O AUDITS)

TMG has performed almost 2,000 Operational Efficiency Reviews (E&O Audits) over the past 27 years and we would love the opportunity to work with you to provide both an E&O audit and website review.

All new Operational Efficiency Reviews (E&O Audits) are required to include an agency website review for a potential audit credit of 15%. Combined with a 10% Risk Management credit your agency could earn a total of 25% in premium savings.

"We are very happy with the services provided by The Moberg Group, who we employed to perform our agency audit. Mr. Moberg managed to do a comprehensive review of our agency while making efficient use of our time in doing so. His audit report gave us a clear list of action items with timelines for each, and he also provided a procedures manual and an array of useful forms."
