

Virginia Agents Political Affairs Committee (VAPAC)

Established in the mid-1970's by the **Independent Insurance Agents of Virginia**, VAPAC's mission is simply stated: To consolidate contributions from industry leaders and help elect or re-elect Virginia legislators who support the independent agency system. VAPAC reviews the voting records of state legislators and works to support those legislators who recognize the importance of making the Commonwealth of Virginia a good place in which to do business.

VAPAC is a non-partisan, non-profit political committee. VAPAC's contribution history can be found at www.vpap.org.

Contributions to VAPAC are not deductible on federal or state taxes. Contributions can be made by personal or company check or card.

Protecting the Interests of Independent Insurance Agents And the Independent Agency System.

Issues of importance to independent agents range from licensing issues, business regulation, and insurance industry specific such as regulation of certificates of insurance, Workers Compensation, property/casualty and life health issues. Recent legislative issues have also involved privacy liability, tort reform and cyber liability.

Virginia now has some of the lowest auto, homeowner, and Workers Compensation premiums in the nation and that's due in large part to maintaining a regulatory and legislative climate that's good for business. VAPAC supports legislators who support this goal.
